For the Games, your age is determined as of 31 December 2026. In line with the sport-specific rules, an athlete can compete in a younger age group. The minimum age is 35. Where there are insufficient entries in an age category or division, the categories may be combined to conduct a viable competition.

The awarding of medals will not be affected, that is, individuals will still be awarded medals in the age category in which they originally entered.

Bronze, Silver and Gold medals will be awarded in all categories where entries are received.

Grade definitions

Single Events:

- a) A Grade: Competitive – For elite players who have competed at an international or national team level and for national, state or provincial master's champions.
- b) B Grade: Recreational - For players who play in non-competitive or lower-grade club leagues, as well as social and casual players.

The OMGAD reserves the right to move athletes into a different division. The OMGAD can look into the possibility of removing one grade division.

Individual competition

Singles (Men, Women), Doubles (Men, Women) and Mixed Doubles will be offered in two divisions: Competitive and Recreational.

Athlete and event eligibility

Athletes may enter a maximum of three individual events. All three individual events **must be** played in the same grade division: Competitive or Recreational. The three events can be any combination of singles, doubles and mixed doubles.

- Players may play a maximum of 2 events per discipline (i.e. Singles, Doubles or Mixed Doubles), with a total of three events.
- The Badminton competition for individual events is dependent on the number of registrations. Round robin (pool play) preliminary rounds will be held.

**UNITED BY SPORTS,
ACTIVE FOR LIFE**

- Where there is more than one pool, these pools will determine the placings for knockout rounds for medals. Players can expect to compete in a minimum of two matches per event.
- If the players in a doubles pair are in different age categories, the pair must play in the younger age category. Players entering doubles or mixed doubles events must enter the division of the higher level player in the pair.
- Individuals and pairs will be allocated to the division entered; however, the OMGAD reserves the right to re-grade athletes. Players who are re-graded will be advised by OMGAD prior to draws being done.
- Athletes can enter in their actual age category or a younger age category in each individual event, they may play a maximum of two events per discipline.
- Athletes do not have to play in the same age group for all events (i.e. can play in 40+ singles, 35+ doubles as they have a younger partner and 40+ doubles with a different partner).

Match schedule

The OMGAD shall post the draw two weeks prior to the start of the competition on the Games website and each day of competition at the venue and on the website. It will be the responsibility of all athletes to ensure they have checked the draws and are available to play at the scheduled time and location.

- Players who are not present when called upon to play any match shall forfeit the match and a walkover shall be awarded to the opposing players/pairs.
- Matches may be called up to 10 minutes prior to the scheduled match time.
- Players are entitled to a minimum rest time of 30 minutes between matches.

Process to determine pool placings

The following process will be used to determine pool placings:

- Ranking in individual championships will be established by the number of matches won.
- If two players / pairs have won the same number of matches, the winner of the match between them will be ranked higher.
- If pairs have won the same number of matches, ranking will be established by the difference between total games won and total games lost, with greater difference ranked higher.

- If this still leaves two players / pairs equal, the winner of the match between them will be ranked higher.
- If pairs have won the same number of matches and are equal in the difference between total games won and total games lost, ranking will be established by the difference between total points won and total points lost, with greater difference ranked higher.
- If this still leaves two players / pairs equal, the winner of the match between them will be ranked higher.
- If pairs are still equal, then ranking will be established by drawing lots.
- A conceded match shall count as if completed without the conceding side scoring another point.
- All results of any player/pair that has been disqualified or withdraws shall be deleted.
